Volume 1

(Released on November 16, 2022)

Annual report from September 30, 2021 to March 31, 2022

1. Our Mission

Addressing the depravity of street and working children through association, consultation and collaborative effort.

2. Our Vision

PMSST operates nationally to pursue its mission, across three main areas: Education, Outreach, Innovation, knowledge exchange, culture and creativity. It is a non-government and voluntary organization promoted by like-minded people including students and effervescent youth to bring a perceptible change in the contemporary social scenario. It is an Endeavour for a better tomorrow. It holds that the welfare of an individual is ultimately dependent on the welfare of the society as a whole.

PMSST has a commitment & sensitivity about the social responsibilities in respect of development & welfare of deprived class falling under categories like SC's, ST's OBC's, General, minorities, handicapped, street children and the less privileged section to provide education, medical facilities, job opportunities, human centric innovations, therapeutic rehabilitation follow up service for all above mentioned groups through network or program & activities.

PMSST is committed to the empowerment, betterment and overall well-being of the human through education, skill development and health. The PMSST provides a platform for the youths, children, woman and elderly of modern India to be able to achieve the above and be independent.

Ajay Kalamchad is presenting

TREATMENT OF SOLID WASTE

Dry waste recyclables

- Cardboard and paperboard
- Glass
- Plastics (#1-#7)
- Paper (officepaper, newspaper, magazines)
- Aluminium and steel cans

Wet waste reuse

be used to be converted to compost

Wet waste can also be microbiologically converted under anaerobic conditions to produce biogas which can be used for cooking and electricity production. The rejected material from a biogas plant can be used as a fertilizer.
